Project Description

Describe what it is you're wanting created and what its purpose is - include all required elements

I.e. Transit Shelter Inserts: Large signage inserts that are placed at bus stations along Downtown Douglas Ave. There are ## that need to be created. They must be one sided and include a QR code.

Specs

Include detail such as size, required pixel sizes, bleed/no bleed spec info.

I.e. Choose Wichita Comparison Guide - Dallas: 8.5x11", 2-sided Vertical layout. Full color, 1.25" bleed. Digital version needs links to the website. Print needs to be gloss print and on cardstock. 500 printed copies are needed for the event.

Server Location

If the project exists and is being edited, please list server location in this section.

Attachments

Attach anything you think would be helpful - email of detail, past examples, a PPX you'd like rebranded, etc.
