

COVID-19 RESPONSE

This is uncharted territory for cities and regions across the world.

At the Greater Wichita Partnership, the health and safety of our workforce, businesses and industries is our top priority.

As the business impacts related to the COVID-19 pandemic evolve, we want to be a source of information and resources for you and your business during this challenging time.

We are committed to working directly with the federal delegation, elected officials and community partners to identify what our community and business needs are, how we tackle those strategically and in a timely manner, and what resources are required to accomplish the identified support mechanisms.

Below are links to pages with resources for reopening businesses, financial resources, local support, health information, and laws and extensions for you as you are navigating through this unprecedented moment. We will continue to update these pages as new information, resources and news develops.

Our team is currently working both remotely and in office. Each team member is available via phone, email and virtual/online meetings. Connect with our team.

Business **Resources**

REOPENING BUSINESSES

Reopening Businesses
View guidance and best practices for reopening businesses from the State of Kansas and the Federal Government.

FINANCIAL RESOURCES

Financial Resources
The Federal and State Governments have initiated a variety of resources, financial assistance and programs to assist individuals and businesses impacted by COVID-19.

LOCAL SUPPORT

Local Support
Discover how our community is coming together to support one another as individuals and businesses.

HEALTH INFORMATION

Health Information
View links and resources for health and safety information from Sedgwick County and the CDC.
