

MILLENNIUM CORP. BRINGS CYBER EXPERTISE TO WICHITA

Opportunity

Headquartered in Washington D.C., Millennium Corp. is a cybersecurity firm with extensive experience working with the U.S. Department of Defense. With operations in 21 states, the company is always looking for world-class talent and ways to expand its commercial base to meet increasing cybersecurity regulations, such as Cybersecurity Maturity Model Certification (CMMC).

Solution

Being the Air Capital of the World, Wichita provides direct access to over 450 aerospace companies, many of which hold defense contracts and need assistance with increasing cybersecurity regulations. Additionally, the region is home to over a dozen educational institutions offering technology-related programs and the Air National Guard's 184th Intelligence Wing at McConnell Air Force Base. Supplying information operations and network security for the entire Air National Guard, the 184 th employees nearly 500 highly trained men and women; 70% of this group serve part-time and are available for full-time jobs in the community. This existing ecosystem of defense contractors and the region's continuous pipeline of cybersecurity talent have helped Millennium jumpstart their Wichita operation.
